Customer Reviews

This book is amazing and helpful. By the help of this book I have learned about how I can restore

optimal gut health. This book also guided me about how to boost metabolism. By reading this book I have understood about why gut health is important. By reading this book I have come to know some information beneficial food. This book guided me about some effective exercise lessons and by reading this book I have learned some recipes also. Inside of this book I have found some effective steps ideas and a perfect diet plan. Many thanks to the author, for guiding us and itâ€™s really appreciated.

Research over the past decade has revealed that gut health is critical to overall health, and that an unhealthy gut contributes to some serious diseases including diabetes, rheumatoid arthritis, depression and chronic fatigue syndrome. An unhealthy gut can even contribute to obesity. I got this book in search of a complete list of the foods I need to consume in order to stimulate the growth of good bacteria in my stomach and the book delivered. It even has some menus and recipes to get me started. Would recommend.

Any illness related with Gut will affect your total life. Aside from emotions and mood, an imbalance in your digestive track, specifically serotonin circulation, can also lead to mental health issues. This book contains 10 tips to restore optimal gut health. By taking time to listen to your gut, youâ€™ll be able to understand your body better and live a healthy life. This book is very useful and easy to understand for ordinary people.

This is a good guide to learning about improving digestion. There are a lot of information about modify diet, using herbs and lifestyle changes for better energy and health that I can get from this book. I can know how to make use of nutrition information, knowledge, and wise, naturally-informed eating tips that build up my health, rather than create more symptoms. I would like to recommend this book to my family, healthy gut is really important to everyone.

I didn't know so many foods I was currently eating was so bad for my gut! The author goes in and tells you not only what food is bad for your gut but also why. Using the authors suggestions this weekend to restore my gut balance and health!

Mom had it right all along, she said you are what you eat. This book clearly points out to that notion that anything you eat will greatly affect your health. Balancing your gut environment is the answer to become a healthier you. Iâ€™ve followed the diet program here and on my third day, I felt the

difference. I wish the recipes provided were more delectable. I guess there is a price to pay for being healthy too.

I have gut issues. Mine was inflamed and I had a tough time doing regular activities. Read this book for improving gut health and got what I wanted. My gut feels much better now after applying what was read and absorbed from the ebook. What a lifesaver this is! Would recommend to anyone especially those with gut problems. Highly recommended book, I am happy with the results
