# There Is A First For Everything (Thought Notebook Journal 1)

## **Synopsis**

Based on a true story: humanity's story. This issue is centered on the firsts in life. Literary and visual artists from around the world depict what firsts mean to them; from adventures to philosophical thoughts and everything in-between! Take a peek into thoughts generated by artists in societies around the world. 10% of all sales from this issue get donated to the CoachArt organization. The journal is a unique intersection between science and the humanities encouraging deep thinking to understand humanity's thoughts through study and inquiry. In recording into the notebook these real stories of life and the thoughts we generate about them, we get a glimpse into understanding a great deal about ourselves and society, where our conscious has been and the direction its going. Thought Notebook Journal is based on a true story: humanity's story, and is a part of our Human Thought Project, allowing us to delve into the minds of humanity and learn more about who we are by documenting into the notebook, thoughts and expressions on particular subjects.

## Customer Reviews

This turned out to be basically a literary magazine written by people I've never heard of. It is basically a fanzine. I thought it would be art based, but it wasn't and that was a disappointment. There is nothing wrong with a fanzine if you know that is what you are getting, but the absence of the art means I didn't enjoy it at all.

This magazine reminds you that everyone experiences life differently. I enjoyed the many different perspectives of "firsts" along with the gentle reminder of compassion for our fellow man. I'm looking forward to the next edition hoping it will compel me to once again think on a more global scale.

I have thoroughly enjoyed reading the first series of these artistic compilations. If you are looking to indulge in everyday ponderings, life lessons learned and thoughts reflected upon from your neighboring creative fellow man, this is a very well put together and directed piece of art.... In every sense of the word.

Found this journal to be an easy and enjoyable read. It kept my interest the entire time, and inspired me to keep reading. I would love to see if this author will come up with some more great works like this one. Highly recommended!! Will buy purchasing more from her.

a read for modern times of chicken soup for the soul.
