I tried teaching from this book but found the vocabulary activities very sporadic. It seemed like each new short essay had new vocabulary and the words weren't recycled enough for my students to grasp them before moving on to a new essay. More vocabulary recycling would help. Also, too often the activities were 1. read 2. outline and/or answer questions about the essay 3. imitate While this traditional model of writing instruction certainly has merit, it was repetitive to a fault IMO.

Very esay to understand. It explaing very clearly on how to write essay and much help with grammatical orders.

Excellent

Bought this book for my wife recently. She is trying to improve her English and this series of books is helping her a lot.

It's perfect.

Excellent book! new book. Quick service

As described, it's really important!
