Straightforward, Practical, Do-able activity ideas for Residential Activity programs, Socialisation groups or Home Carers of Elders. Giving goals, expected outcomes, step by step procedures and Activity options, Brenda Corbett writes the procedure manual for you - so get to it and put it into practise. As a Diversional Therapist I was inspired by the authors approach to activities for "Low function" people and the scope of ideas to meet individual needs. A great text for rookies or experienced Activity staff alike.

great anecdotes, examples and stories, enough credible material for a college course.

This is a great resource for activity coordinators who are just starting out in their job or who have years of experience. It is a great resource that explains the reasons behind the activities being offered tot he seniors.
