EMT-Intermediate Review Manual For National Certification

Synopsis

The EMT-Intermediate Review Manual for National Certification is a one-of-a-kind review manual designed to prepare students to sit for the National Certification Exam, based on the 1999 curriculum. The manual includes practice questions with answers and model exam; step-by-step walkthrough of skills, including helpful tips, commonly made errors, and sample scenarios; a self-scoring guide; and winning test-taking tips. Copies of the performance skill sheets, requirements for successful completion of each skill, and common errors made during the performance of each skill are also included.

Customer Reviews

This book helped me pass the test on the first try, it will even help with the 85 test, it did for me anyway. I got this book because it was recommended by one of my Paramedic partners and now I owe him lunch! Good luck!

This book is years old and not helpful for studying stuff on current exams.
