It's just OK. I guess if one were constantly traveling to places like Llano, Burnet, or San Antonio, it has some value, but the Austin portion just isn't detailed enough. I know, I know, read the title and the fact that 'Hill Country' is included should give some clues to how much area this covers, but I still feel like the "downtown" sub-map should be expanded and perhaps be a "central Austin" submap - there's lots of blank space on this map as there isn't a whole lot between these Central TX towns - seems like a poor design.

Pretty good but didn't have as much info as we would have liked.

Made my trip to San Antonio better. Thanks
